

## company profile

Acryloc Building Products is an Australian owned and operated company with its headquarters in Adelaide, South Australia. We have been making and selling water based coatings for almost 20 years, including sales to many of the biggest roof restoration companies in Australia.

### PRODUCTS

Our Dry Creek factory manufactures a broad range of coating products, including:

- Surface Preparation Products
- Specialist Primers & Sealers
- Polymer Modified Cement Renders
- Acrylic Texture Coats
- Interior & Exterior Paints
- Exterior Architectural Coatings
- Heat Reflective Coatings
- Roof Coating Systems
- Flexible Roof Tile Pointing Compound
- Sports Court Coatings
- Liquid Pigments

As well as the products we make ourselves, we stock a range of building materials, tools and accessories for the convenience of our customers.

## **SALES & SERVICE**

A network of resellers allows us to service customers throughout Australia and New Zealand and China are just two of our export markets.

We are committed to providing superior service and all products are fully supported by our manufacturer's warranty.

## **SUPPORT**

Our staff have extensive experience in the development and application of paints and other coatings so we are able to provide full technical support and product advice.

Our manufacturing capabilities and experience are also available to toll manufacture products for other companies.
