ISO 9001 Accreditation

After a lot of work by our staff and following a recent audit, Acryloc Building Products has been registered as meeting the international standard ISO 9001:2008.

The audit included checks on all of our operations, including Admin, Manufacturing, Quality Control, Warehousing, Sales and Customer Service.

We were delighted to pass this thorough examination with flying colours and the registration should give our customers even more confidence in our products and services.

Work has now started on getting our products tested and approved by CSIRO to APAS (the Australian Paint Approval Scheme).

New Sales Staff

Customers are probably aware that a number of our sales people have moved on in recent times.

Massimo went to Regency Building Supplies to further his career, Vince made the switch from paint to steel products at Bluescope and Frank decided to go back to his trade as a painter.

While we were sorry to see them go, we are grateful for all of the effort these guys put into their time with us and wish them nothing but the best in the future.

These are big shoes to fill but we have been lucky enough to find a couple of great replacements.

Sales Manager Paint :

Paul Tuckey 0421 610 354 paul@acryloc.com.au

Paul is a Qualified Panel Beater, a Master Painter and ran his own decorating business at Burnside for 10 years. He also worked in sales at Bristol and Dulux but we don't hold that against him!

Paul is targeting our decorative paint sales through our reseller network, via direct sales to Trade painters and through DIY sales in our Factory Outlet.

Sales Manager Texture :

Angelo Pansini 0420 361 508 angelo@acryloc.com.au

Angelo has over twenty years of sales experience in building products, including diamond blades, ceramic tiles, adhesives and related products.

He worked in a variety of roles with Beaumont Tiles, Italia Ceramics and most recently with Tile Square.

Angelo is now applying his customer service skills to helping our render and texture customers. No doubt you will see him on your site soon!
